

Essential Tremor Symposium

Saturday, October 21, 10:00 AM - 1:00 PM

Alzheimer & Parkinson Association of Indian River County

2300 5th Avenue, Vero Beach, Florida

Featuring Dr. Travis Tierney, Director of Neurosurgery for Sperling Medical Group. Dr. Tierney is the leading developer and pioneer in the use of MR-Guided Focused Ultrasound Neuravive™ for the brain. Not only has Dr. Tierney been a Principal Investigator at the Harvard site of a multi-institution clinical trial to treat Essential Tremor, but he has also played a founding role in bringing his technology called Neuravive to a broader range of patients. As Principal Investigator at another trial, Dr. Tierney and his team are now the first in the world to have applied Neuravive to treat epilepsy.

Also speaking will be Catherine Woodstock Striley, PhD, Associate Professor of Epidemiology in the Department of Epidemiology, College of Public Health and Health Professions and College of Medicine at the University of Florida. Dr. Striley will be sharing her personal journey and experiences with Essential Tremor as well as information from a pilot study she completed with individuals with Essential Tremor in Florida.

Call the Alzheimer & Parkinson Association of IRC at 772-563-0505 for more information on this Symposium and to reserve your seat.
