“Swimming with Kate” - One Woman’s Deep Dive with Essential Tremor

Play followed by Symposium Panel with national ET experts

Saturday, December 1st, 2018

10:00 am - 12:30 pm

Holy Cross Hospital

Education Rooms #1,2,&3

1500 Forest Glen Road

Silver Spring, MD 20910

\$35 / suggested Good-will Donation

Written and performed by MaryCae Asay, “*Swimming with Kate*” is a poignant exploration of Asay’s personal journey, as she comes to terms with the physical and emotional impact of developing the little-understood condition of Essential Tremor (ET). Woven with saucy commentary and coaching by “Katharine Hepburn”, herself, “*Swimming with Kate*” is, at once, entertaining, illuminating, and heartbreaking.

Following the performance, a panel of nationally-recognized ET medical specialists will be present for a "deeper dive" discussion about this often devastating -- always progressive -- neurological disease, which is suffered by over 7 million Americans (or 2.2% of the US population) and occurs 8 times more frequently than Parkinson's Disease!

Medical Expert Panel

- *Dietrich Haubenberger, MD*: Director, Clinical Trials Unit, OC/CNP/DIR/National Institute of Neurological Disorders & Stroke

- *Paul Fishman, MD*: PhD Professor of Neurology and Adjunct Professor of Pharmacology & Neurobiology, University of Maryland’s School of Medicine; Chief of Neurology, Maryland VA Health Care System

- TBD

Sponsored by TheHopeNet.org

Directed by Lezlie Dana
